Fermentation and Aging: **Stainless Steel**
Bottling Date: **January 2019**
Alcohol: **11.5%**
Cases Produced: **7,000**
Suggested Retail: **\$11.99**

Wine Profile

Vineyard Notes

100% of our 2018 Rose of Pinot Noir was grown on our Creekside Vineyard in Lodi. The grapes were harvested in the cool of night in order to have a controlled and slow start to fermentation. The grapes were harvested at 22.0 deg. Brix.

Production Notes

Our 2018 Rose of Pinot Noir was produced much like our white wines. Harvested at night with a relatively low brix of 22.0 deg., the grapes were crushed and immediately pressed. The resulting juice was chilled, settled and racked before inoculating with the same type of yeast used for our Pinot Grigio. Fermentation was long and cold.
