## Wine Profile

### Production Notes

In 2013, our River Junction vineyard in the River Junction AVA was Certified Sustainable under the Lodi Rules program, and since then, 100% of our Viognier has come from our own Estate vineyard. River Junction is at the confluence of the San Joaquin and Stanislaus Rivers. The fruit for our 2021 Viognier was harvested in September 2021, with an average of 25.9 Brix at harvest. The juice was cold fermented in Stainless Steel to retain the unique fruit characteristics of Viognier.
